

Unrivalled Muscle Engorging and Vascularity Agent†

NITR-OX

AstraGin™

Featuring **HydroMax®**
glycerol powder 65%
HydroMax® is a trademark of Glanbia PLC

Extreme Nitric Oxide production featuring HydroMax® & AstraGin® in a zero stimulant / zero sugar formula.

Nitr-OX represents the pinnacle of pre-workout pump formulas, combining only the most proven cutting-edge ingredients in scientifically recommended dosages.

Nitr-OX fuses together the incredible pump-inducing compounds of 5g HydroMax® (Glycerol), AstraGin® and L-Norvaline that will keep your muscles fuller and receiving the benefits of nitric oxide during and after your workouts for hours.

With a hefty dosage of 6g Citrulline Malate, the effects of nitric oxide are maximized with its aerobic and anaerobic effects on the body ensuring contractions are amplified throughout your training sessions.
